

**Information for persons returning
from China, Italy, Republic of Korea, Islamic Republic
of Iran and other countries impacted by
the coronavirus SARS-CoV-2**

Last few weeks, there were multiple cases of respiratory illness in China, Italy, Islamic Republic of Iran and South Korea (up-dated list of countries available on www.who.int, www.ecdc.europa.eu, www.gis.gov.pl) that were accompanied with signs and symptoms of cough, fever, dyspnoea and difficulty breathing.

If you travelled to those countries during last 14 days and you encounter those symptoms, please call sanitary-epidemiological station immediately or visit the department of infectious diseases at a hospital where an adequate medical procedure would be prescribed.

All information for travelers available on gov.pl/koronawirus and gis.gov.pl
